

# BlidimaX black<sup>®</sup> – it's a revolution

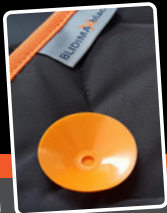

## Experience meets material professionals

Highest quality from off-road specialists

The success secret of **BlidimaX black**<sup>®</sup> is the combination of our many years of experience in Offroad area with the specialized know-how of material professionals. Each window mat is made by us individually tailored to the dimensions of your vehicle. The dimensionally stable material consists of eight layers with various functions. It does not distort and is still save and firm, even after years of use.

Also the suction cups are specialized for our products. The extra strong quality of the material guarantees the permanent visibility protection of **BlidimaX black**<sup>®</sup>.

# Exterior cool black – inside cool and opaque

Lifestyle and perfect protection for your personal freedom

**BlidimaX black**<sup>®</sup> is the new alternative for mobile campers and off-roaders. The window mat with the black outer layer is the ideal combination of lifestyle look and functionality. We developed **BlidimaX black**<sup>®</sup> at the request of our customers in cooperation with a material with **coldblack**<sup>®</sup> equipment. And the black outer fabric is cult. It also inspires professional groups, who do not want to be noticed on the ground, like hunters and foresters. Despite the black color, the window mat has almost the same insulation properties, such as the known **BlidimaX**<sup>®</sup> products. We call it: A revolution.

**BlidimaX black**<sup>®</sup> is designed by outdoor professionals and keeps what it promises.

- **Exterior: Cult black optics**
- **Indoor: Reflected sunlight up to 85% \***
- **Tested UV protection (protection factor UPF 50+, very high)**
- **Heat and cold plant**
- **Perfect visibility due to accurate production**
- **High quality materials and workmanship.**

# The cool black for your outdoor experience

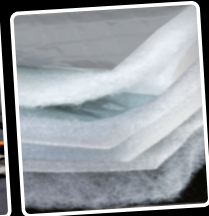

Aesthetic functionality and robust durability

**BlidimaX black**® is an outdoor quality product. For us this means: aesthetic functionality and durability down to the last detail. Your window mat consists of eight selected layers, including the fabric with **coldblack**® equipment for the black exterior. In addition, non-wovens, aluminum foils in the core, foams and a spunbond as a conclusion on the inside.

**BlidimaX black**® is designed for discerning campers and is both functional and robust. The inside is pleasantly soft and in more than 100 color combinations available.

## THE BENEFITS OF BLIDIMAX® AT A GLANCE:

- High quality in material and workmanship
- Durable and stable
- Abrasion and abrasion resistant
- Rust-free eyelets and rings (v2A)
- Longlife suction cups
- Cool exterior and soft inside

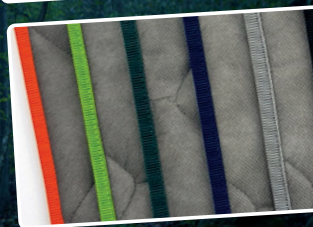

## Unique in manufaktur quality

You choose, we manufacture to measure

Offroader and mobile campers know best, what they need. Each **BlidimaX black**® window mat is unique. No matter for which vehicle model and what form of windows. We produce your thermal protection mat to measure. Handmade in the factory. Of course you can express special wishes, such as the targeted positioning of the suction cups, to protect your stickers and badges on the windshield.

For the soft inside of **BlidimaX black**® you have a large color selection. Different colored fleeces and seams allow up to 48 combinations. This is also the right thing for your interior decoration. Gladly you can have a fitting pack for your **BlidimaX black**® set.

Just tell us what you want. We will find the right solution for your taste and for each problem a solution.

Feel free!

# Blickdicht Manufaktur

Optimal visibility for your quality requirements

The Blickdicht Manufaktur is a family business from Neuss in Germany. For our quality-conscious customers, we manufacture exclusively individual, tailor-made **BlidimaX**® products of the highest quality.

You can order **BlidimaX black**® as well as other visual, cold and heat mats. For all mobile homes, caravans and offroad vehicles to order. In addition, **BlidimaX roof** is used as an internal covering for a roof. The use of our window mats is also possible in cars, trucks, buses and boats.

Specials and special applications are also manufactured individually and made to measure – be it for the winter garden or your roof windows.

Please feel free to contact us, we are glad to advise you!
